

# Solberg Foam & Fire Fighting Equipment

*"Your one-stop resource for firefighting foam concentrates and custom-designed foam suppression systems hardware & concentrates"*

RE-HEALING foam concentrates from SOLBERG are synthetic firefighting foam concentrates designed for a broad range of applications through conventional and innovative fire protection equipment and systems. RE-HEALING foam concentrates deliver rapid-fire extinguishment of hydrocarbon and polar solvent fuels.

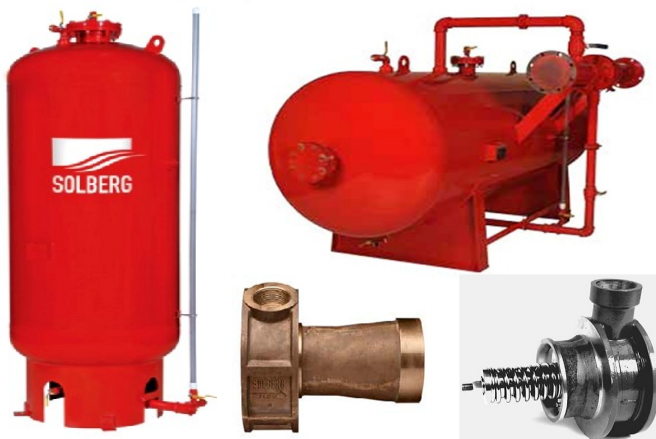

*Hydrocarbon Flammable Liquid  
(Water Insoluble)*

*Polar Solvent Flammable Liquid  
(Water Soluble)*

## HARDWARE

*Bladder Tanks & Proportioners*

*Balanced Pressure System*

# THE NEW STANDARD *in fire fighting foam technology –worldwide*

## HARDWARE

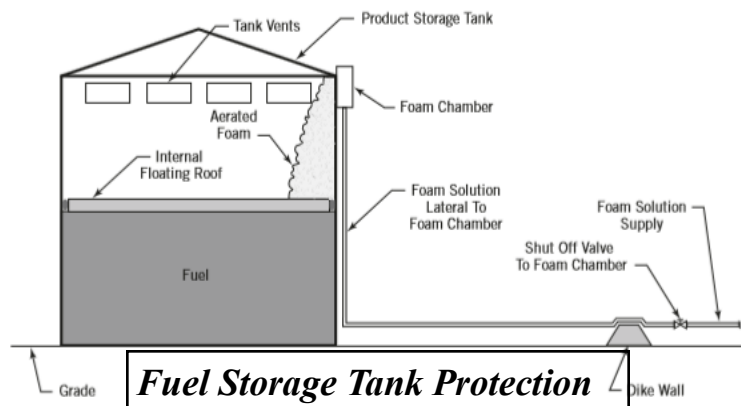

**Portable Foam Hose / Trailers**

**Foam Monitors and Nozzles**

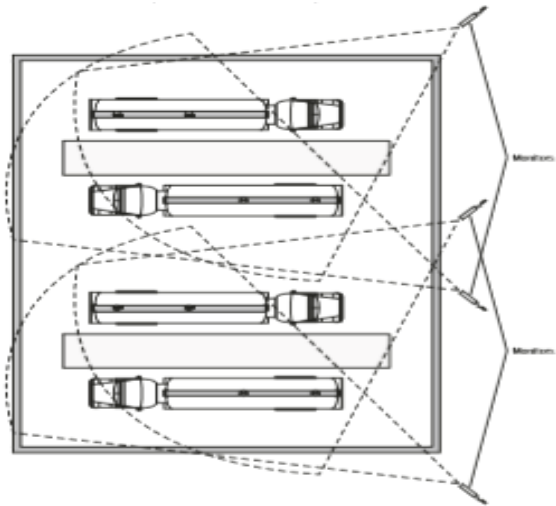

**Foam Chamber**

## TYPICAL APPLICATIONS

**Fuel Storage Tank Protection**

**Fuel Loading Rack Protection**

### APPLICATIONS

- Aircraft Hangars
- Dike Areas
- Heliports & Helidecks
- Jetties
- Loading Racks
- Manufacturing Processes
- Pumping Stations
- Storage Tanks
- Warehouses

### MARKETS

- Power Plants
- Petrochemical
- Pharmaceuticals
- Marine
- Aviation
- Chemical
- Mining
- Oil & Gas
- Utilities
